

# ARE YOU OUR NEXT AGRONOMY INTERN?

Do you have a passion for farming, soils, crops, and agronomy? Are you someone who enjoys providing farmers with vital information for their businesses? Do you want to learn alongside industry leaders in a friendly and positive work environment?

If so, we want to talk to you.

NEW Cooperative is a leading agricultural cooperative providing innovative solutions and services to our customers in North, Central and Western Iowa. We're seeking the right individuals to join our team as summer Agronomy Interns. You will be responsible for providing vital agronomic solutions and information to our customers in various ways, which may include:

- **Crop scouting.** Present findings to sales team and producers
- **Managing & overseeing NEW's test plot system**
- **Conduct field and learning plot research,** and present findings to growers
- **Grid soil sampling.** Learn soil fertility fundamentals.
- **Other agronomic experiences** including treating seed, product delivery, interaction with producers, warehouse experience, and more!

- 8000 members
- 750 full-time team members in 12 departments
- 60+ locations in 19 Iowa counties
- Celebrating 50 years in 2023

NEW Cooperative is committed to providing the valuable learning experience that takes place in a successful internship. As part of your internship experience, you will be assigned a project(s) to plan and complete, which may include conducting research, interviews and testing ideas. This is your opportunity to learn hands-on! The topic of the project will be determined based on your interests and available opportunities within the company. Other opportunities and experiences will also occur, which may include:

- **Actively-involved mentor**
- **Comprehensive company onboarding and safety training**
- **In-field agronomy updates** and training at our learning plot
- **Customer interaction**
- **Agronomy sales training**
- **Job shadows** with Agronomy Sales Specialists, Precision Ag, and SOILMAP teams
- **Networking with company and industry leaders**
- **Job shadows** in other departments as desired
- **Industry tours, field trips, and outings** with fellow NEW interns
- **Other learning opportunities** as the season, time, and your interests allow

It is vitally important that you are team-orientated, hard working, and have strong communication, leadership and time-management skills. Applicants must have a valid driver's license and should be working towards a 2-year or 4-year college degree in agriculture. You do not need to have past agronomy experience, but you must have a strong willingness to learn throughout the summer!

Agronomy interns can anticipate a competitive hourly wage with paid overtime. Previous agronomy interns at NEW have earned \$7500-\$11,000 during their internships!

This position also offers competitive benefits, including:

- **Not from the area?** Ask about our housing assistance options!
- **Company vehicle**
- **Uniform allowance**
- **Reasonable time-off requests accommodated**

This is your opportunity to join the NEW Cooperative team and maximize your learning opportunities!

*“It’s a well-rounded internship. If you are an agronomy intern you are going to learn a lot more than just agronomy.”*

**- DAVID WEDEMEYER**  
2022 Agronomy Intern
